DEAR PATCHOGUE-MEDFORD LIBRARY RESIDENTS,

We hope this newsletter finds you and your loved ones safe and healthy. Thanks to all of the first responders, health care workers, and everyone who has helped to keep our community safe and strong throughout 2020. We hope your Library has been some comfort to you and a helpful informational resource throughout this very difficult time. We strive to be the community hub for our district and will continue to provide educational and recreational opportunities, socially distanced and safe for all. Our theme for this newsletter, "Together, We're Making It," illustrates these concepts. Whether you've made a memory doing a fun activity with us or took home one of our Grab & Go kits, made a curbside call to pick up your items or made something in our new Makerspace, joined us online for a virtual program or made an appointment for one on one help, we hope that your experience with the Library has added something positive to your year at home. Hope is on the horizon and we look forward to the days when we can gather together again as a community.

In the meantime, the Library Board and staff have been busy making plans for the future, including making a library in Medford! One of the most frequent questions we get is, "When will the Medford Branch will be open?" We are excited to let you know that a timeline is in place to take the project from concept to the finish line. The basic timeline moving forward is approximately 18-24 months. We anticipate sending the design plans to the NY State Education Department by early summer. Once they approve the plans, the bid process begins. The public bidding process will end with awards going to the lowest responsible bidders, and the actual construction process is estimated to take about a year to complete.

A virtual public meeting is scheduled for January 25 at 7 pm at which time H2M Architects will walk through the plans for the facility and enlist community feedback.

Visit the website for the latest information. If you have any questions or concerns, you can reach out to the library director, Danielle Paisley, at dpaisley@pmlib.org or call the Library at 631-654-4700, ext. 300.

Respectfully yours,
The Board of Trustees of the
Patchogue-Medford Library
