Thanks for taking part in our Summer Reading Experiences!

A NOTE FROM THE DIRECTOR:

"We are not what we know but what we are willing to learn."

-MARY CATHERINE BATESON

Each year, no matter what age we are, September brings a renewed sense of adventure; a reflective time of the year to consider what has taken place so far, and what is to come. It is with that enthusiasm that our staff brings you some exciting opportunities to keep learning and growing.

The Tails and Tales Summer Reading Experience was a great success! Nearly a thousand of our community's kids, teens, and adults came out to share their summer with us - a summer filled with books, activities, prizes and fun!

It has been wonderful to see so many of you face to face again as we enjoy the return to in-person programming. We missed you! In order to better serve the needs of our community, Saturday morning hours will be reinstated this month and in October we will welcome our regular Sunday hours.

We continue to follow CDC guidance, including mask wearing for all unvaccinated individuals in the Library. Please know that your safety and the safety of our staff is always the most important factor in planning as we move forward. With this in mind, many of our programs will be offered both in-person and virtually. We hope this hybrid approach will allow everyone to enjoy the Library in whatever way is most comfortable. Please be sure to check each listing to know how each class is being held, and at what location. If anything changes, we will continue to update our website with the latest information.

Plans continue for the new Medford Branch at the Medford Athletic Complex on Horseblock Road. The latest rendering, floor plan and site plan can be found on our website at www.pmlib.org/Medford. The Library is in the process of receiving approval from the State Education Department and is busy writing grants to continue to fund the project. Plans are in place to go out to bid on the project this Fall. We are so excited for these next steps and once the bids are in and have been accepted, construction can begin! Please call the Director at 631-654-4700, ext. 300 with any questions.

In the spirit of this month's theme, we hope that you will find something in this newsletter that inspires you to take the time to learn something new, embark on a new adventure, and spend some quality time together with your family and neighbors.

Sincerely,
Danielle Paisley, Director
