A NOTE FROM THE DIRECTOR:

Nobody can go back and start a new beginning, but anyone can start today and make a new ending."

– MARIA ROBINSON

I think this quote might be a hybrid of some others, but this author's words have provided some down-to-earth hope for me today, so I share them with you. Hope is what we need as we start this new year. Our lives have changed drastically since the onset of the pandemic. Many have lost loved ones and worked tirelessly through all of it, and you are all in our thoughts. And for others, this time has allowed folks to find a new passion, hobby, or career. **Let us help you "discover your path" in 2022!** Use your library to learn from local community members who are passionate about their careers and be inspired by their work (p.6). Meet with our career counselor (p.5), take a health and wellness class (p.4), learn to crochet (p.4) or make something in our Makerspace (back page). Need to earn a high school diploma? Check out the Career Online High School Program (p.5). Whatever you do, we hope that you will take the Library with you on your journey.

Many thanks go out to our community for donating so generously during the holiday season!

The Library will continue to accept donations throughout the winter, including non-perishable food items, new and gently used coats, hats, scarves, mittens, and items for shelter pets.

We continue to follow the NYS mask-wearing regulations for everyone in public buildings. We will continue to update the website to keep you informed of the latest guidelines. We are still offering a few grab-and-go kits and many of our programs will be offered "hybrid," meaning that there will be both in-person and virtual options. Please check the newsletter or online calendar for details, and feel free to call us if you have any questions. Please know that your safety and the safety of our staff is always the most important factor in our planning.

Construction is scheduled to begin on the Medford Library Branch in March 2022!

Bids for the new building at the Medford Athletic Complex on Horseblock Road were accepted at the December 2021 Board meeting. The latest rendering, floor plan, and site plan can be found on our website at www.pmlib.org/Medford. Thank you to our friends at the Axis Cafe in Medford, for offering free space to hold some of our classes in that area of our district while our new library is awaiting construction.

The copy center at the Main Building has been refurbished and refreshed! Come in for all your printing, copying, and faxing needs. In response to community requests, we will be adding Notary services here at the Library. Don't forget - we offer passport application assistance as well.

Best wishes for a happy, healthy, and meaningful journey in 2022.

Sincerely,
Danielle Paisley, Director

HELP US PAVE THE WAY!
