

PATCHOGUE-MEDFORD LIBRARY

Dear Families,

We have learned so much this year in **To Kindergarten & Beyond!** It has been a pleasure seeing your child's grow.

Enclosed in this packet are activities you can do with your child this summer. Continue to practice letters, counting, name writing, fine motor skills, rhyming words, identifying shapes and making patterns so your child will retain those skills during the summer

Most importantly keep reading together! We hope to see you at the Library for the Summer Reading Club.

Enjoy kindergarten!

Please stop by the Library and share all your new adventures in kindergarten and beyond! Lots of Luck!

Ms. Pia
