"In every human breast, God has implanted a principle, which we call love of freedom; it is impatient of oppression, and pants for deliverance."

—Phillis Wheatley (c. 1753–1784)

As our nation approaches the 250th anniversary of the United States, Phillis Wheatley's words remind us that the desire for freedom has always been at the heart of the American story. Writing during the Revolutionary era, Wheatley represents one of many important and unsung voices whose words continue to resonate during this moment of national reflection and celebration. Libraries carry that legacy forward by protecting the freedom to read, explore ideas, and engage with diverse voices. In safeguarding intellectual freedom, we honor both the enduring promise of our democracy and the generations who have fought to expand liberty for all.

We are celebrating the Semiquincentennial all year long with educational programs designed to expand our knowledge, inspire reflection on the past, and encourage families to think about the future. Look for the "250" symbols throughout this newsletter highlighting special programs, speakers, and opportunities to discover something new—or rediscover something from our shared past.

One of our favorite traditions returns this summer—the 2026 Summer Reading Experience!

This year's theme, "**Dig Deeper: Unearth a Story**," invites readers of all ages on adventures filled with prehistoric creatures, dinosaurs, and archaeological mysteries. Our exciting reading programs are available at all three library locations and offer opportunities to read, explore, and earn rewards all summer long. There is truly something for everyone in the family, and our staff looks forward to supporting your love of reading and lifelong learning this summer and always.

Become an Advocate!

We also encourage library supporters to become advocates for public libraries. Libraries remain essential cornerstones of democracy, providing free and open access to information for all. As financial challenges continue statewide, your voice can help protect library funding in New York. To learn more or sign up as an advocate, visit www.nyla.org/become-an-advocate.

Big News!

The Patchogue Medford Library, in partnership with the Village of Patchogue and Patchogue Arts Council, will receive state funding through the NY Forward Grant initiative. This exciting project will help strengthen the connection between Main Street and beautiful Shorefront Park. Our portion includes enhancing the Library's Main Street façade and creating an even more welcoming entrance to our public space. Stay tuned for additional updates as this project develops!

A heartfelt thank you to the Pat-Med community for approving the 2026–2027 Library Budget.

Your continued support allows us to provide exciting, enriching, and educational workshops and classes; maintain three beautiful public spaces for the community to enjoy; and continue offering the outstanding service of our dedicated staff each and every day. On behalf of the Board of Trustees, we would also like to express our gratitude to outgoing Board Member Bunnie Schiller for her 11 years of service to the community. As a Medford resident and dedicated trustee, she helped guide the Library through the creation and construction of the Medford Branch Library, among other important tasks! Thank you for your years of leadership and commitment to our community. We are also pleased to congratulate Sarah Wasser on her election to the Board of Trustees in April. We look forward to welcoming and working with her beginning in July.

A reminder that you now have three locations to visit for library services!

Our Main Library, located at 54-60 East Main Street in Patchogue, continues to serve as an anchor in the heart of our vibrant downtown community. The Carnegie Library, home to our teen patrons in grades 6–12, remains active and welcoming at 160 West Main Street alongside the beautiful Greater Patchogue Historical Society Museum. The Medford Branch Library, located at the Medford Athletic Complex on Horseblock Road, is also open and thriving. Library materials can be sent to any of our three locations for convenient pickup. Simply call us or use our convenient app to reserve your items. And with multiple locations hosting programs, please remember to check your program registration carefully.

Each program title or date contains a letter designation for each location:

P - Patchogue, Main Library **M** - Medford Branch Library in Medford
C - Carnegie Library (160 West Main St in Patchogue) * - Off site and out in the community

canstruction®

Thank you to everyone who voted this spring—the winning design has been chosen... we're building a dinosaur!

This fall, our community will come together to turn thousands of donated canned goods into an incredible dinosaur sculpture! But the real magic is what happens after the build—every can will be donated to help neighbors in need!

We're collecting canned goods all summer long to bring this one-of-a-kind creation to life, and we need your help to make it roar! Drop off donations at any branch, follow along as the project takes shape, and stay tuned for opportunities to volunteer as we build toward our spectacular fall display.

Build something amazing. Give something meaningful. Be part of CANstruction!
